## BRANCH OPERATIONS AND FUNDING

### Branch Operations and Funding Information

In 2019 at Universidad Nacional de la Patagonia San Juan Bosco our goal was to increase memberships. At the beginning Madyn's Campus was the only one who had members, so in February we start at Comodoro Rivadavia's Campus.

Since we didn't have enough resources, we made a raffle, profit was \$5000 ARS. With that money we bought all the necessities things to start the operations at Comodoro Rivadavia's Campus. Technical courses were given, and the fee was just to cover cost of events, to have a greater audience. Funds for the "5ta Jornada de Electrónica" were covered by our University to buy all the things for the coffee break.

In 2020 we are starting with \$50 USD and \$260 ARS. This year we plan to make more widespread courses and to find some new creative ways to raise money.

In the textbox above, describe your branch operations and how you obtain funding for activities. Include information such as total funds on hand at the beginning of the year, total income received during the year, links to fundraising activities, if applicable.

## ACTIVITIES

In the table below, indicate if your Student Branch sponsored the following activities. Activities might include technical meetings, special tours, panel discussions or speakers, S-PAC's and other professional activities, or even social meetings and fund-raising events. The information you provide will enable both Headquarters and the Regional Student Activities Committee Chair to gain valuable insight into your Student Branch and its progress. This record of your activities will also be of use to succeeding officers in organizing their programs. Please provide total number of meetings in each category in the space provided below.
